SPECIALTIES

Bid estimations, Project Management, Client and Tenant Relations

PROFESSIONAL EXPERIENCE

Sarah is a highly skilled construction professional with an impressive educational background and a deep-rooted passion for the industry. As an Assistant Project Manager, she collaborates with clients, subcontractors and vendors to ensure the successful completion of projects while exceeding expectations.

With a strong passion for the complexities of construction, Sarah brings a dedicated and personal approach to every project. This passion started at an early age, as she actively participated in various home construction projects alongside her family when her father built their home in Minnesota.

Before joining Compass Commercial in 2022, Sarah designed the primary bathroom in a Tour of Homes house in Bend, OR. Since then, Sarah has spearheaded multiple construction projects, including Dakota's Brick Shop, Healthy Minds and 30 Minute Hit at Pioneer Plaza. She leverages her AutoCAD LinkedIn certification to create complex construction documents in AutoCAD and SketchUp.

Committed to remaining at the forefront of industry advancements, Sarah obtained her Design Certificate from the Heritage School of Interior Design in 2022. While her certification showcases her diverse expertise, her primary focus and genuine enthusiasm lie in successfully managing construction projects.

COMMUNITY INVOLVEMENT & INTERESTS

Sarah has always been actively involved in her community. She previously participated in several mission trips throughout Kansas City and served as a leader through Young Life in Minnesota. A true entrepreneur, Sarah successfully owned and operated her own business, teaching violin to children aged 5 to 12 in Corvallis before relocating to Bend. Sarah developed a love of the outdoors while growing up in Minnesota. She is often found paddle boarding, snow boarding or swing dancing with friends outside of work.
